SUMMARY

Computer Science and Information Technology undergraduate at Uva Wellassa University of Sri Lanka who builds web and Android products end to end. Hands-on with React, Node.js, PostgreSQL and Kotlin through two full-stack projects, and currently a Web Development Intern at SaiKet Systems. Looking for an internship to grow as a software engineer.

EXPERIENCE

Web Development Intern - SaiKet Systems 2025 - 2026
- Building and improving real-world web applications and user-friendly, visually appealing web interfaces.

Assistant Designer - Leo Club of Uva Wellassa University 2025 - 2026
- Develop and execute creative projects, such as graphic design and video editing, that promote the club's events and activities.

PROJECTS

Smart Class Management System Group project
Built for Thusitha Institute | IIT 372-2 Project II, Uva Wellassa University
- Web platform that centralizes a tuition institute's operations: role-based access, QR attendance, payments and receipts, exams and results, study-area seat allocation and automated parent notifications (13 feature modules).
- Layered attendance validation: QR scans are cross-checked against a computer-vision head count (YOLOv8, OpenCV); face verification runs only when the numbers do not match.
- Delivered in four Agile-Scrum sprints and deployed on Vercel, Render, Neon and Cloudinary.

Tech: React.js, Tailwind CSS, Vite, Node.js, Express, PostgreSQL, Python, FastAPI, YOLOv8, OpenCV, Moodle, Stripe

RideProfit Personal project
Android app + API + admin dashboard for ride-hailing drivers in Sri Lanka | privacy policy
- Floating overlay that reads a ride request on screen (Accessibility Service) and rates it green, amber or red by profit per km after commission, fuel and pickup cost.
- Built end to end: Kotlin and Jetpack Compose app, Node.js / TypeScript / Prisma / PostgreSQL API, Next.js admin dashboard and a bank-transfer billing system, in English, Sinhala and Tamil.
- 169 unit tests, GitHub Actions CI and signed release builds. Currently in testing.

Tech: Kotlin, Jetpack Compose, Room, Node.js, Express, TypeScript, Prisma, PostgreSQL, Next.js, Tailwind CSS, Vercel

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS
Backend & Database	Node.js, Express, REST APIs, PostgreSQL, Prisma, JWT authentication
AI & Mobile	Python, FastAPI, OpenCV, Kotlin, Jetpack Compose (Android)
Tools & Cloud	Git, GitHub, GitHub Actions, Vercel, Figma
Other	Web design, graphic design, SEO, Agile-Scrum, teamwork

EDUCATION

BSc - Computer Science and Information Technology 2022 - Present
Uva Wellassa University of Sri Lanka | Department of Computer Science and Informatics

G.C.E. Advanced Level (Arts stream) 2019 - 2020

CERTIFICATIONS AND COURSES

Introduction to the Basics of Azure Services
Microsoft Learning / Simplilearn SkillUP, Oct 2026

PMP Basics
Simplilearn SkillUP, Oct 2026

Business Analytics with Excel
Microsoft Learning / Simplilearn SkillUP, Jan 2026

DeepSeek for Beginners
Simplilearn SkillUP, Jan 2026

Python for Beginners
CODL, University of Moratuwa, Jan 2026

AI/ML Engineer - Stage 1
SLIIT, Faculty of Computing, Nov 2025

Creative Design Workshop (Season 22)
